

After you have reviewed and agreed to the OSA Registration Rules (STEP 1) and the PYSC Registration Rules (STEP 2) review these instructions for the three ways to submit registration forms and payment.

Note that there are two pages to the PYSC form and both must be signed, dated, and submitted.

There are three ways to register

### 1 Regular Mail

After you have reviewed and agree to the OSA Registration Rules (STEP 1) and have reviewed the PYSC Registration Information (STEP 2) you may print, fill out, and mail the PYSC Registration Form below with a cheque. Note that there are two pages to the PYSC form and both must be signed, dated, and submitted. The mailing address is on the form.

### 2 "On-Line Registration"

To register on-line follow these instructions:

Select the registration form that appears on the web site; It should transfer into your computer Adobe program. Save the form on your computer system; fill in the highlighted blanks, create one form for each child being registered and e-mail the form(s) to PYSC at [pysc@cogeco.net](mailto:pysc@cogeco.net).

Note that printing the Parent or Guardian name on the registration form and emailing the form will constitute a signature on the form.

### 3 Print, Fill out Manually, Scan and e-mail

If you cannot fill in the form electronically, you can print it, fill it out with a pen, sign it appropriately, scan it and send the scanned document to [pysc@cogeco.net](mailto:pysc@cogeco.net) Next, to pay the on-line registration fee: Note that only one transfer needs to be made for the total amount due for registering one or more children. This is done with an e-mail that is separate from the one submitting the registration forms. The names of the children being registered and their phone # need to be included in the message box of the payment transfer so that we can link the payment with the registration. Note that the following is interaction between you and your bank. All of this is not seen by any correspondents.
