The regular season will run from early May until late August, mid-July for U4/5. Regular season games will be Monday through Thursday, holiday weekends included, beginning at 6:30PM. Teams play one game per week, with the option to have team practices. A games schedule will be issued at the beginning of the season. Regular attendance is expected for a successful season. In the event of many rainouts, we guarantee at least 12 season games.

As a recreational club, PYSC's mandate is to create an enjoyable venue for exercise and learning the skills of the game.

The Ron Thompson All-Winners Festival will be held on a mid-June weekend. Games for individual teams will occur within about a four-hour period. There will be a playoff tournament for older players, dates TBA.

To balance teams in the various divisions, the Club may transfer some players between teams. We will endeavour to complete team balancing by the time of the All-Winners Festival.

The Club supplies a complete uniform, which is to be worn by the players for all games. Players must wear shin guards completely covered by soccer socks. Soccer jerseys should be tucked into shorts during play. Jewellery (watches, rings, piercings, etc.) CANNOT be worn during games because of potential injury.

Player names, phone numbers, and emails will be included on team lists for coaches and other players. Player names will be published locally.

Coaches Needed: We will need coaches for the season. To coach, you need to provide a few hours each week for games and practices. We provide coaching training and materials. There is coaching material on our website at pysc.on.ca/coaches. Volunteer screening applies to all coaches. Please submit a coach registration form.
